SUMMARY

UX/UI and product designer with 4+ years of experience and 30+ delivered client projects: websites, e-commerce and web products for real estate developers, retail brands, healthcare and services. I take a project from research and information architecture through wireframes, UI and interactive prototypes to design systems and developer handoff in Figma. I use AI tools such as Claude and ChatGPT to turn designs into working prototypes and test ideas faster. Czech (C1), English (B2), native Russian; experienced with clients in Czechia, Slovakia and Georgia. Looking for a full-time role in Prague, hybrid or remote.

SKILLS

UX design
User research · User flows · Information architecture · Customer journey mapping · Wireframing · Prototyping · Usability review · A/B testing · Benchmarking · UX writing

UI design
Visual design · Responsive web design · Mobile UI · Design systems · Design tokens · Component libraries · Light and dark themes · Typography · Micro-interactions

Product and web
Product design · Web design · Landing pages · E-commerce UX · Web apps · Real estate websites · Conversion-focused design · Developer handoff

Tools
Figma · FigJam · Framer · Spline · Miro · Jira · Slack · GitHub

AI
Claude · ChatGPT · AI-assisted prototyping · AI workflows

EXPERIENCE

UX/UI Designer · HOX red s.r.o., Prague, full-time

Dec 2023 to present

- Design websites, e-shops and web apps at a Prague digital design studio, from discovery and information architecture to high-fidelity UI, prototypes and developer handoff.
- **Real estate:** websites for residential developers, including Alterna (54 family houses near Prague, nominated for Realitní projekt roku 2025) with an interactive site plan, Nure (renovated flats and buyouts on one site), Borské Zátiší, Bewelloff and The Yard Hrdlořezy.
- **E-commerce:** mobile-first redesign of the Neibo eyewear e-shop on Shoptet, with navigation by activity and one product card per model instead of one per colour.
- **Car leasing:** Carhunt website with comparable offer cards, filters, a lease configurator with a live monthly price and a lead form that sorts requests by topic.
- Build Figma design systems and component libraries with variables and light and dark themes; write Czech and English UX copy.
- Also designed sites for a dental clinic, a VR arena, a driving school and a B2B fish farm; work directly with project managers, developers and clients.

EXPERIENCE, CONTINUED

UX/UI Designer · YAS Agency, remote, part-time — Feb 2025 to present

- Design UX and UI for client websites and digital products in a remote agency team.
- Deliver wireframes, high-fidelity layouts and responsive designs ready for development.

Freelance UX/UI Designer · Prague — Jan 2022 to present

- **Prager's:** redesign of a Czech fermented drinks brand: bestsellers with price and cart on the homepage, three equal product lines, events and a map of retail partners.
- **Smart Ek:** healthcare platform for the Georgian market, covering UX research, user flows and UI for finding the right specialist.
- Websites and UX/UI for direct clients including Benefit Plus, BEServis and Aristo.
- Run the full project cycle independently: briefing, scope, design, client presentations and handoff.

UI Designer · AfterGo LLC, hybrid, part-time — Mar 2023 to May 2024

- Designed UI for web and mobile products, building screens and reusable components in Figma.
- Worked with developers to keep the implementation consistent with the design.

UX/UI Designer · TAMADA DESIGN, Prague, full-time — Mar 2022 to Apr 2023

- Designed websites and digital interfaces for agency clients: wireframes, UI design and prototypes.
- Prepared design files and specifications for developer handoff.

OWN PROJECTS

shuster.design, personal portfolio. Designed a bilingual (Czech and English) portfolio with case studies and built it with AI-assisted development.

Most, desktop app. Designed and built a keyboard and mouse sharing app for macOS and Windows with AI-assisted development.
